

LCF Member Questionnaire

Part 4 of 4: Facilities

I. Improvements

As you know we lease our current building on an annual basis. Nonetheless, what, if any, improvements or modifications you would recommend that LCF implement with our existing facilities?

II. Facilities Options

If our current building were no longer available for LCF to lease, what next best alternative would you recommend as facilities to house our ministry?

III. Brainstorming

List any ideas you have with regard to LCF facilities? (eg. Purchasing or building our own facilities and ways to achieve that objective, etc.)
